

Uncle Skunkle Expands Family of “Stinkin’ Fun” Games; Adds Three New Games Sure to Add Fun and Intrigue to Any Family Game Night

TOY FAIR '08, New York, Booth #5767, Feb, 17, 2008 - Uncle Skunkle Toys, Inc. (UST), a developer of games that not only look good in your living room, but also bring fun and enjoyment to the entire family, is pleased to announce the addition of Rapid 4® More, Bambooga® and Pin Black Classic games to its growing line-up of “Stinkin’ Fun” family games.

“For the past five years, we have been building a solid line of fun, exciting and socially responsible games, including our award-winning Rapid 4 and Destruct 3© games,” said David Schreiber, President, Uncle Skunkle Toys, Inc. “We are thrilled to begin what promises to be a very exciting year for us, in terms of company growth, with the expansion of our product line here at Toy Fair.”

UST will offer live demonstrations of Rapid 4 More, Bambooga, Pin Black Classics, and its other games at Toy Fair '08, Booth #5767. Visitors to the UST booth will also experience performances by Sandra Small, a renowned acoustic, rock and soul vocalist. Her debut album, “World Gone Crazy,” was released in 2006 by Smallworld Music, LLC.

About the New Games:

Rapid 4 More

Rapid 4 More is a next-generation game that enables more players to enjoy the game together, and puts a whole new dimension to connection games by adding a second board and playing tray. Player engagement reaches a whole new level when players must choose to block their opponents at the request of other players, establish a play of their own, or make a nothing move so that others cannot win.

Bambooga

Bambooga is a human puzzle game where players use color wristbands to bind their hands and feet to one another, leading to a sticky mess of people. The goal of the game is to crawl, walk, scoot or jump one's way towards the finish line, all the while maintaining the connections that are determined by a shake of the Bambooga Shaker. One of the factors that is most notable about Bambooga, is that the game is part of a social entrepreneurship project sponsored by Kids Ark Foundation of Thailand. A portion of the

proceeds from the manufacturing of Bambooga will be used by Kids Ark to fund projects that support education and improve standards of living. Additionally, Bambooga is safe and eco-friendly, adhering to "green" manufacturing practices with second-generation cloth material and sustainable bamboo construction. Even the packaging is part of the game.

Pin Black Classics

In January 2008, UST secured the exclusive U.S. rights to distribute the very attractive Black Classic line from Pin International. The line includes Four In a Row, Kalaha, Chinese Checkers, Solitaire and Ludo.

About Uncle Skunkle Toys, Inc.

Uncle Skunkle Toys (UST) was founded in 1996 by J. David Schreiber and Rod Boutin in order to bring to life a thesis project that David had prepared while earning his masters' degree at City University of Seattle. Today, UST is a high-performance based contractor organization that is directly responsible for all distribution, marketing and sales of its products in the U.S. Its family of award-winning products include Rapid 4® and Destruct 3© games.

UST strives to be a socially responsible organization, and manufactures its games using second-generation materials. The company also uses minimal packaging, and every effort is taken to reduce waste during the manufacturing process. UST's team members spend hundreds of volunteer hours every year focusing on building up social entrepreneurship in the regions where we do business. One such program is Kids Ark in Thailand, an organization whose mission is to find a solution to the AIDS epidemic in Thailand, by offering employment opportunities in local villages.
